

OUR ENVIRONMENT

1. If we had understood the earth as the mother of all, even of great values, we would have treated the earth in a different way. We have destroyed it. We have almost poisoned it. We have broken its ecological unity. We have disturbed its environment. And now with nuclear weapons we are ready to destroy it. And it is the source of all that is beautiful, and all that is great. The earth is sacred.

2. Allow the child the same atmosphere so he does not feel, from the very first moment, in a stranger's world, afraid. But we make him afraid. We destroy his delicate eyes, we destroy his spontaneity, we even force his breathing. We don't give him a natural environment, one to which he is accustomed. All these small things are going to affect his whole life.

3. It shows that if you put people in an unnatural environment they start losing their instinctive intelligence, they start losing their natural understanding, they start becoming crazy. Either they go mad or they become pervert or they commit suicide. Humanity has been doing all these things. It has to be recognized, it is time to recognize it – that the religions have turned the earth in a zoo. It is because of these so-called saints and mahatmas who have made human beings perverted. And the most surprising thing is that they are the people who condemn all perversions – and they are the original creators of perversions ! Homosexuality is a religious phenomenon ! All sexual perversions started in monasteries.

4. Now what had happened ? He was born as a human being but he was not given the human environment. He was born to become a human being but he was not nurtured. For a human being to sprout in all his potentialities, a human environment is needed.

A special nurturing field is needed. That's what I am trying to create here, a Buddhafield where you can be reminded again and again that you are a Buddha, that less than that won't satisfy, not to settle for less than that, that you have all the greatest possibilities that any man ever had or will ever have in the future. Search for it !

OUR ENVIRONMENT

5. We have gone too far in technology; The only thing that I think is possible is to go into technology even more, because now to go back to nature is not possible. To go into technology to such an extent that technology itself starts cleaning the atmosphere – that is the only possibility.

If technology has polluted the atmosphere then a technology can be found which can de-pollute the whole atmosphere. Now the way goes through technology, not against technology.

THE REBELLIOUS SPIRIT

You are not a Puppet, and
Your strings are not in anybody else's hands.
You are an absolutely free individual.
If You decide to remain in illusions,
You can remain so for many, many lives.
If you decide to get out,
A Single Moment's decision is enough.
You can be out of all illusions this very moment.
NOW - IT IS IN YOUR HANDS.

PREMA SAMRAJYAM - INNER SOUL

In every being the selfsame inner soul is living.

WITNESS: The inner soul, as eternal undestroyable witness, is watching 'forming thoughts in our interior and telling words, doing works in our exterior'.

LIFE: The inner soul is incessantly notifying us, the unconditional INDIVIDUAL LIVING possessing liberty and freedom, which is natural, precious and agreeable by DHARMA.

KRIYA → CONSEQUENCE: If live BY following the hints conveyed and daily practicing the words and works informed by the inner soul → Our BEING attains the STATE OF ECSTASY for a long period, reaches the spires of temple of the soul. Our LIFE is satisfied with the ultimate liberty, LIFE becomes FULL OF BLISS as one festival, as one celebration.

The Inner Soul's guidelines for worldly life:

1. TRUTH: Elapsed past is a dream, it won't return back. Unknown future is an illusion, it never exists. Which is uncontaminated, boundless, limitless, extraordinary, always shining everywhere without beginning & ending; Living infinitely with non-dual love feeling in everyone, in everything beyond the time & space, birth & death; the Inner Soul merely.

2. DESTINY: 'Now-Here' with the full attention, awareness, alertness observing the environment & situations in our internal and external at rest; Not saying any kind of judgement, not making any decision, without any election receiving the nature with the witness of inner soul; By applying the LIVING KRIYA PRINCIPLES with acceptance, spend life together with all creatures.

PREMA SAMRAJYAM - INNER SOUL

In every being the selfsame inner soul is living.

3. CONSCIOUSNESS: Misery & distress are unneeded about the things happened. Fear & anxiety are irrelevant about the things will happen. Simply the thing happening now-here in our surroundings is essential, valuable and utilizable. By keeping the whole vision on the things happening in the nature, having absolute contemplation, deal with wiseness.

4. RESPONSIBILITY: The words told by our inner soul, the works to be done in life, not showing negligence, not postponing, must be accomplished totally as early as possible without defects & faults. Every moment be in more conscious, not delaying, complete our all life deeds carefully, cautiously in the proper way.

5. SELF: Promises, Agreements, Challenges, Oaths, Swearings, Obstinacies, Persistencies, Contracts, Vows, Tie-ups, Conditions, Restrictions, Assurances etc. as time passes separate one from another in us; divide, place apart and produce EGOISM; loses liberty and freedom; lastly bonds, diseases, agonies and slavery remains.

6. WAY: If any Person

1. by knowing the TRUTH
2. according to DESTINY
3. being CONSCIOUS
4. holding RESPONSIBILITY
5. without EGOISM

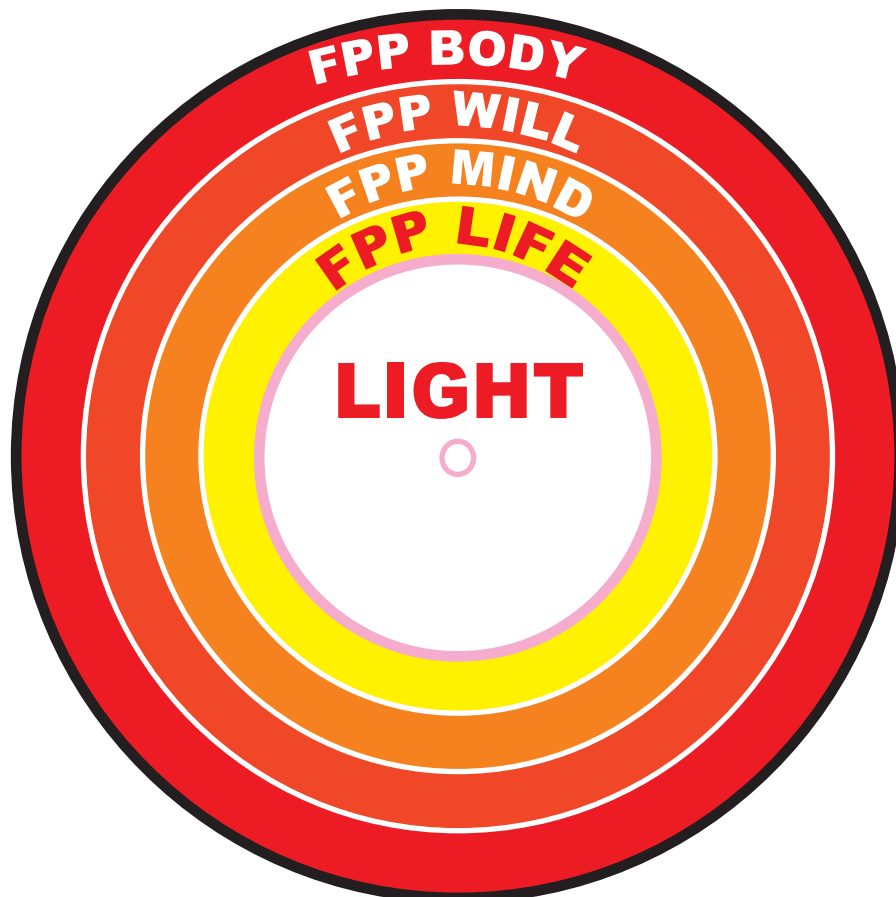

by allowing the LAWS OF NATURE with compassionate heart; by harmonizing in deep synchronicity with the entire universe; IS LIVING worldly, then that Person arrives the INNER SOUL.

FACILITY PROVIDING PROJECT

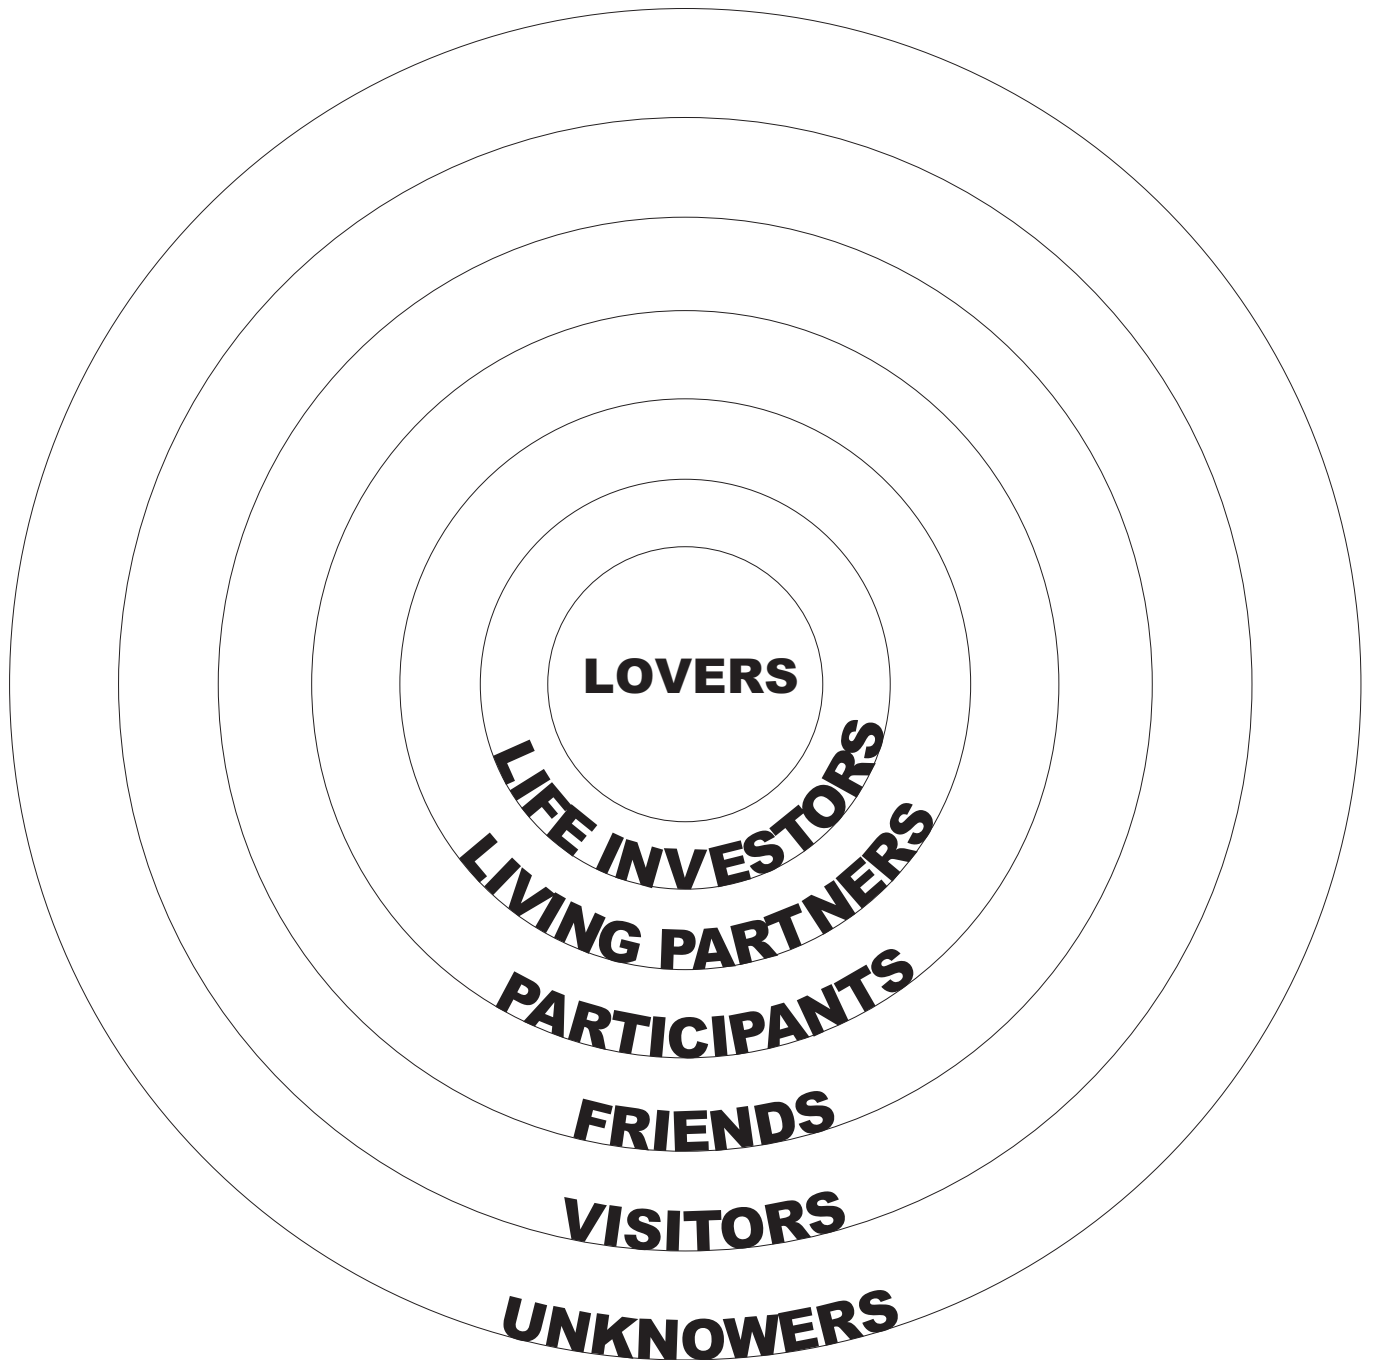

Introduction:

1. Existence blessed the Natural Environment on the Planet Earth for living individually without any dependencies.
2. Prema Samrajyam Recognizes and Identifies the basic facilities needed to lead the Individual Living and Kriya Based Living by PS PERSONS in the PS Natural Environment.
3. A Project designed and implemented to Establish, Construct and Maintain HOMES for providing various facilities required for the PS PERSONS to lead their Independent Living in the PS Environment is considered as a Facility Providing Project (FPP).
4. For every FPP, the BODY, WILL, MIND and LIFE are provided to exist in the Environment of Prema Samrajyam. To construct and develop the BODY, WILL, MIND and Abundant LIFE of an FPP, it is correlated with the COMPONENTS and ENERGIES of PS-DARSHANAM.

FPP ILLUSTRATION

HIERARCHICAL CIRCLES OF PS PERSONS

The Persons associated with Prema Samrajyam are considered as PS Persons. They are interrelated in a Hierarchical Structure to possess respective conscious energies of Light, while living in the Environment of Prema Samrajyam on their own personal interests and desires.

The PS Persons Work Together and Share Earnings equally with ACID characteristics in the Projects deployed by PS by following a specified set of Living Protocols, which are designed and developed by themselves.

ESTABLISHING AN FPP

ISSUES TO BE CONSIDERED and PREPARED :

1. An FPP in the Prema Samrajyam Environment can be established by either a group of one or more Life Investors or Prema Samrajyam.

2. LI-FPP :

The FPP established and maintained unitedly by one or more Life Investors by sharing the total investment utilized for its existence is considered as LIFE INVESTORS - FACILITY PROVIDING PROJECT (LI-FPP).

3. PS-FPP :

The FPP established and maintained by utilizing the investment [contributed from PS-PC Portion] of Prema Samrajyam is considered as PREMA SAMRAJYAM - FACILITY PROVIDING PROJECT (PS-FPP).

4. DOMAIN OF FPPs :

All FPPs of the same kind with respect to wielding the Regular Works Cycle of FPP and existing Equipments in the System, and Utilization of various types of Resources, Machinery and Tools etc. are considered as ONE DOMAIN OF FPPs.

5. OVERTURE KNOWLEDGE BASE OF FPP :

To create an FPP, Analysis must be made through the presently existing Projects by gathering as much information as possible from Living Environment. Accumulate all the Practical Data and Statistical Information collected as the OVERTURE KNOWLEDGE BASE of that FPP. The Overture Knowledge Base of that FPP mentions in which DOMAIN OF FPPs, the proposed FPP must be placed and considered with complete justification.

The Overture Knowledge Base is designed and documented by the Corresponding Life Investors of proposed FPP with the suggestions and cooperation of other Life Investors and Living Partners of Prema Samrajyam.

ESTABLISHING AN FPP

6. KNOWLEDGE BASE OF FPP :

With the support and guidance of Life Investors the Implementings, Testings, Maintainings, Livings and Terminatings of the FPP in accordance with Architecture are designed and documented as KNOWLEDGE BASE of the FPP [KB of FPP] by Corresponding Life Investors.

7. ESTIMATION OF FPP :

By completely studying and understanding the Knowledge Base of the FPP with Practical Information available, the Investment to establish and sustain the FPP can be analytically estimated by the Corresponding Life Investors and this is considered as the ESTIMATION OF FPP.

8. INITIATION OF FPP :

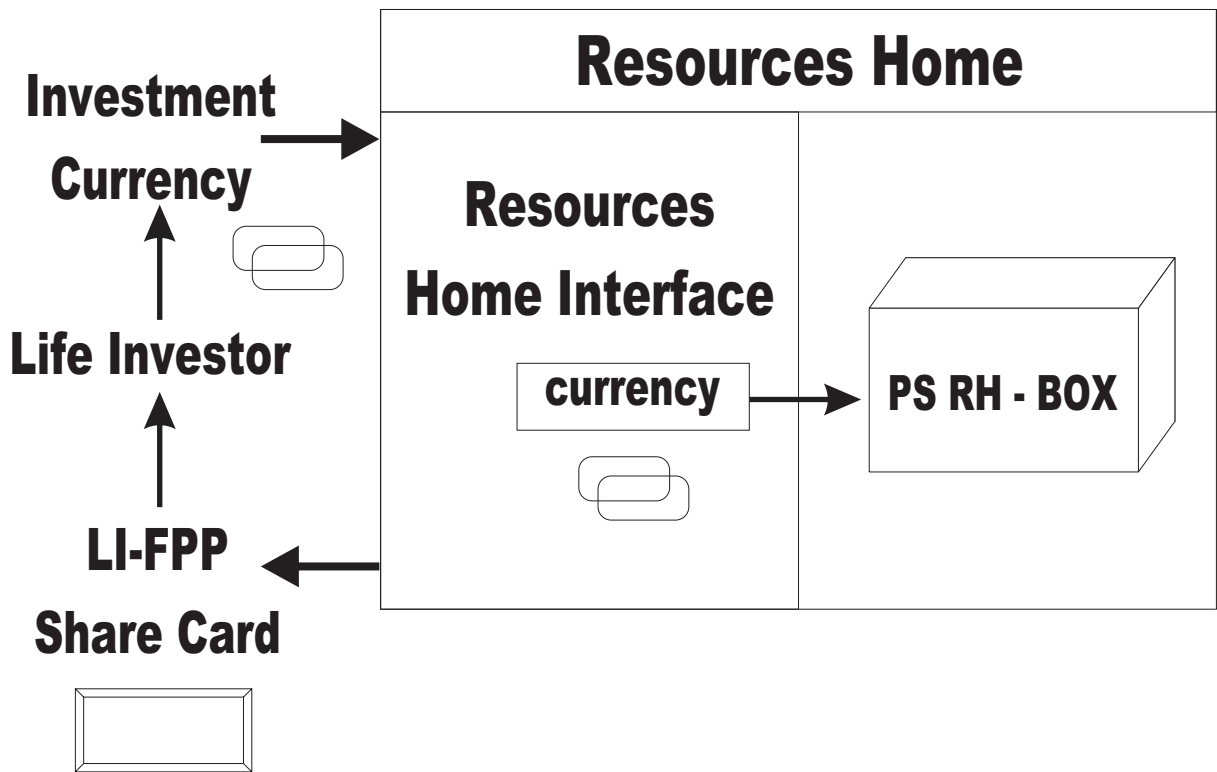

Depending on the Natural Resources and Specified Requirements available in the Existence of Prema Samrajyam, the FPP is Initiated to Implement either by Prema Samrajyam or by Life Investor(s).

9. ESTABLISHING AN FPP :

The FPP is established in the environment of Prema Samrajyam by accomplishing the works existing in the IMPLEMENTINGS of KB by following Investing Procedure and Constructing Procedure of the proposed FPP.

INVESTING PROCEDURE for AN LI-FPP

- To construct and maintain the LI-FPP in the PS Environment, the corresponding Life Investor or Life Investors must convert their Investment Currency into LI-FPP Share Cards from Resources Home.

2. The corresponding Life Investor(s) contributes some Investment to PS in order to possess **BODY GUIDANCE, WILL GUIDANCE, MIND DEPLOYMENT and LIFE DEPLOYMENT** of the proposed FPP.

The **BODY GUIDANCE, WILL GUIDANCE, MIND DEPLOYMENT and LIFE DEPLOYMENT** of the proposed FPP are designed and documented by Specialized Life Investors of PS, who are devoted to accomplish these **INCEPTION WORKS**.

INVESTING PROCEDURE for AN LI-FPP

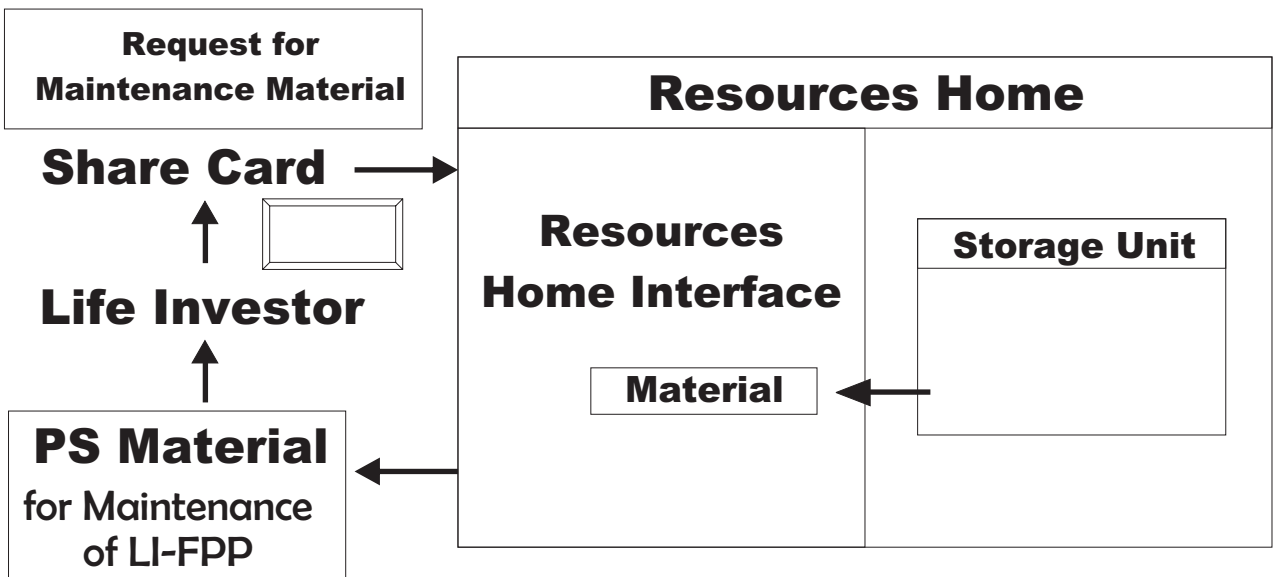

OBTAINING CONSTRUCTION MATERIALS

3. The units existing in the LI-FPP Share Cards are used to obtain the required PS Materials [This information is available in the KB of FPP] for Establishing the LI-FPP.

OBTAINING MAINTENANCE MATERIALS

4. To obtain the required PS Materials [This information is available in the KB of FPP] for Maintaining the LI-FPP, the units existing in the LI-FPP Share Cards are utilized.

Constructing Procedure for AN LI-FPP

1. With the support of either Partial Living Partners or Living Partners of PS, the Physical Works proposed in the IMPLEMENTINGS OF BODY GUIDANCE of FPP are implemented by utilizing Construction Materials obtained from Resources Home.

The Physical Body of the proposed FPP comes into the Existence in the Environment of Prema Samrajyam

Constructing Procedure for AN LI-FPP

INVESTMENT towards IMPLEMENTAION of PROJECT HOME :

2. To establish this Physical Body of the FPP, the corresponding Life Investor(s) contributes required Investment to achieve Manual Works from Partial Living Partners or Living Partners on the request.
3. The Works proposed in WILL GUIDANCE, MIND DEPLOYMENT and LIFE DEPLOYMENT existing in the KB of the FPP are implemented by Professional Living Partners with the assistance of Partial Living Partners. To accomplish these tasks the corresponding Life Investor(s) contributes necessary Investment to Prema Samrajyam.
4. In this way, the Project Home of the FPP is fully implemented and prepared it as a Living Project in the Existence of Prema Samrajyam with a Project Home Interface and a Project Home Box.

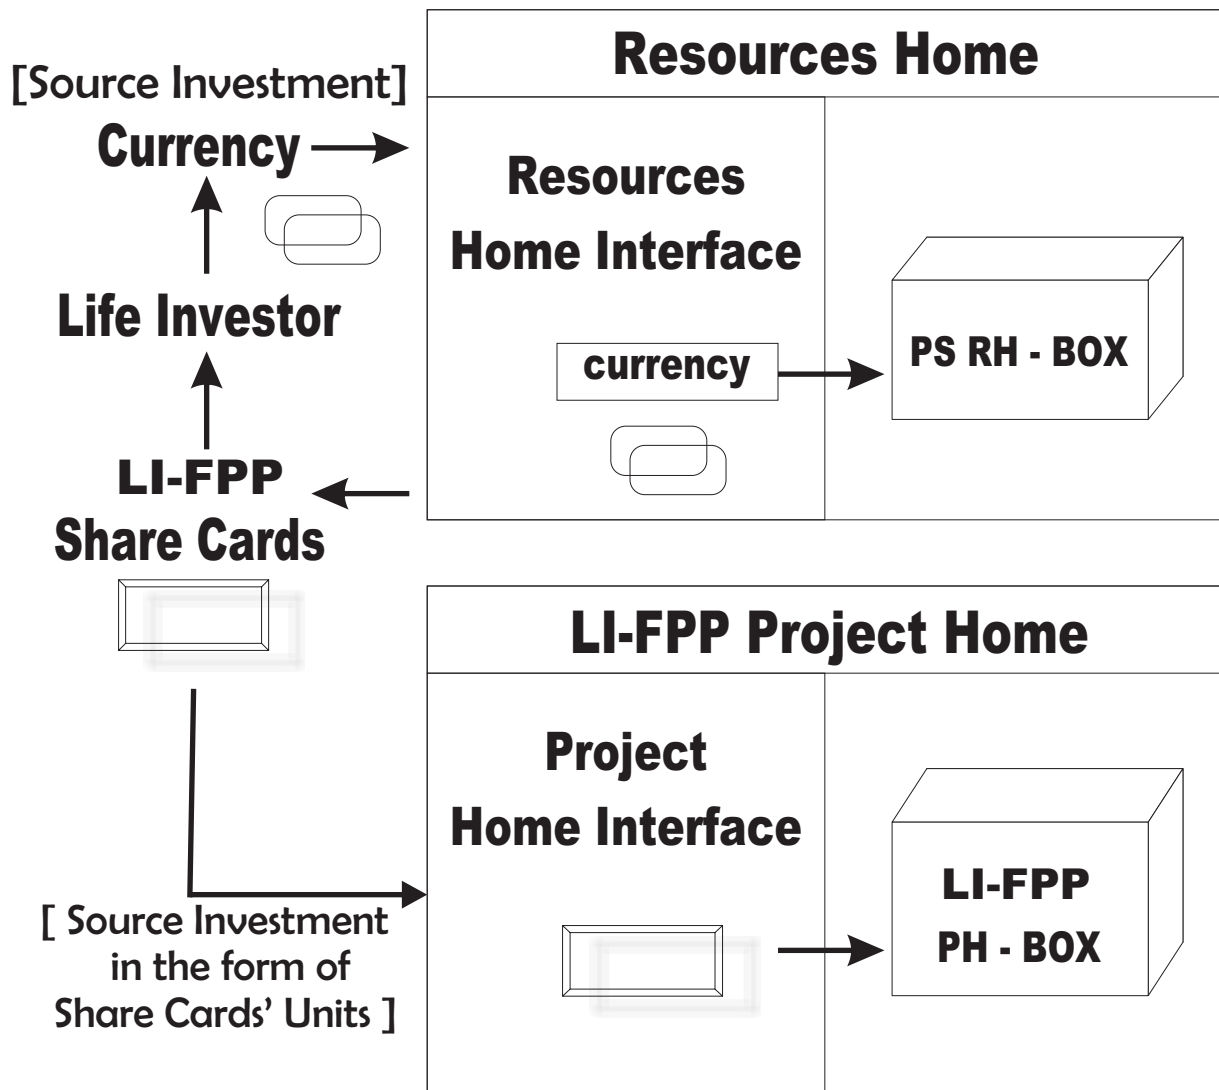

ESTABLISHING INVESTMENT :

5. The total amount of units expended to accomplish all the works existing in the KB of LI-FPP to bring the FPP in the Environment and transfer it to Living State is considered as ESTABLISHING INVESTMENT of the FPP.
6. The Account Book of the FPP is designed and complete WILL and MIND Software with latest Configured Hardware is put available to Partial Living Partners and Living Partners to sustain the FPP in Living State.

MAINTAINING AN LI-FPP

1. SOURCE INVESTMENT:

1. Certain amount of units from Share Cards possessed by corresponding Life Investor(s) to utilize as initial expenditure for maintaining the LI-FPP is considered as SOURCE INVESTMENT of the LI-FPP and placed it into Project Home Box [PH-BOX].

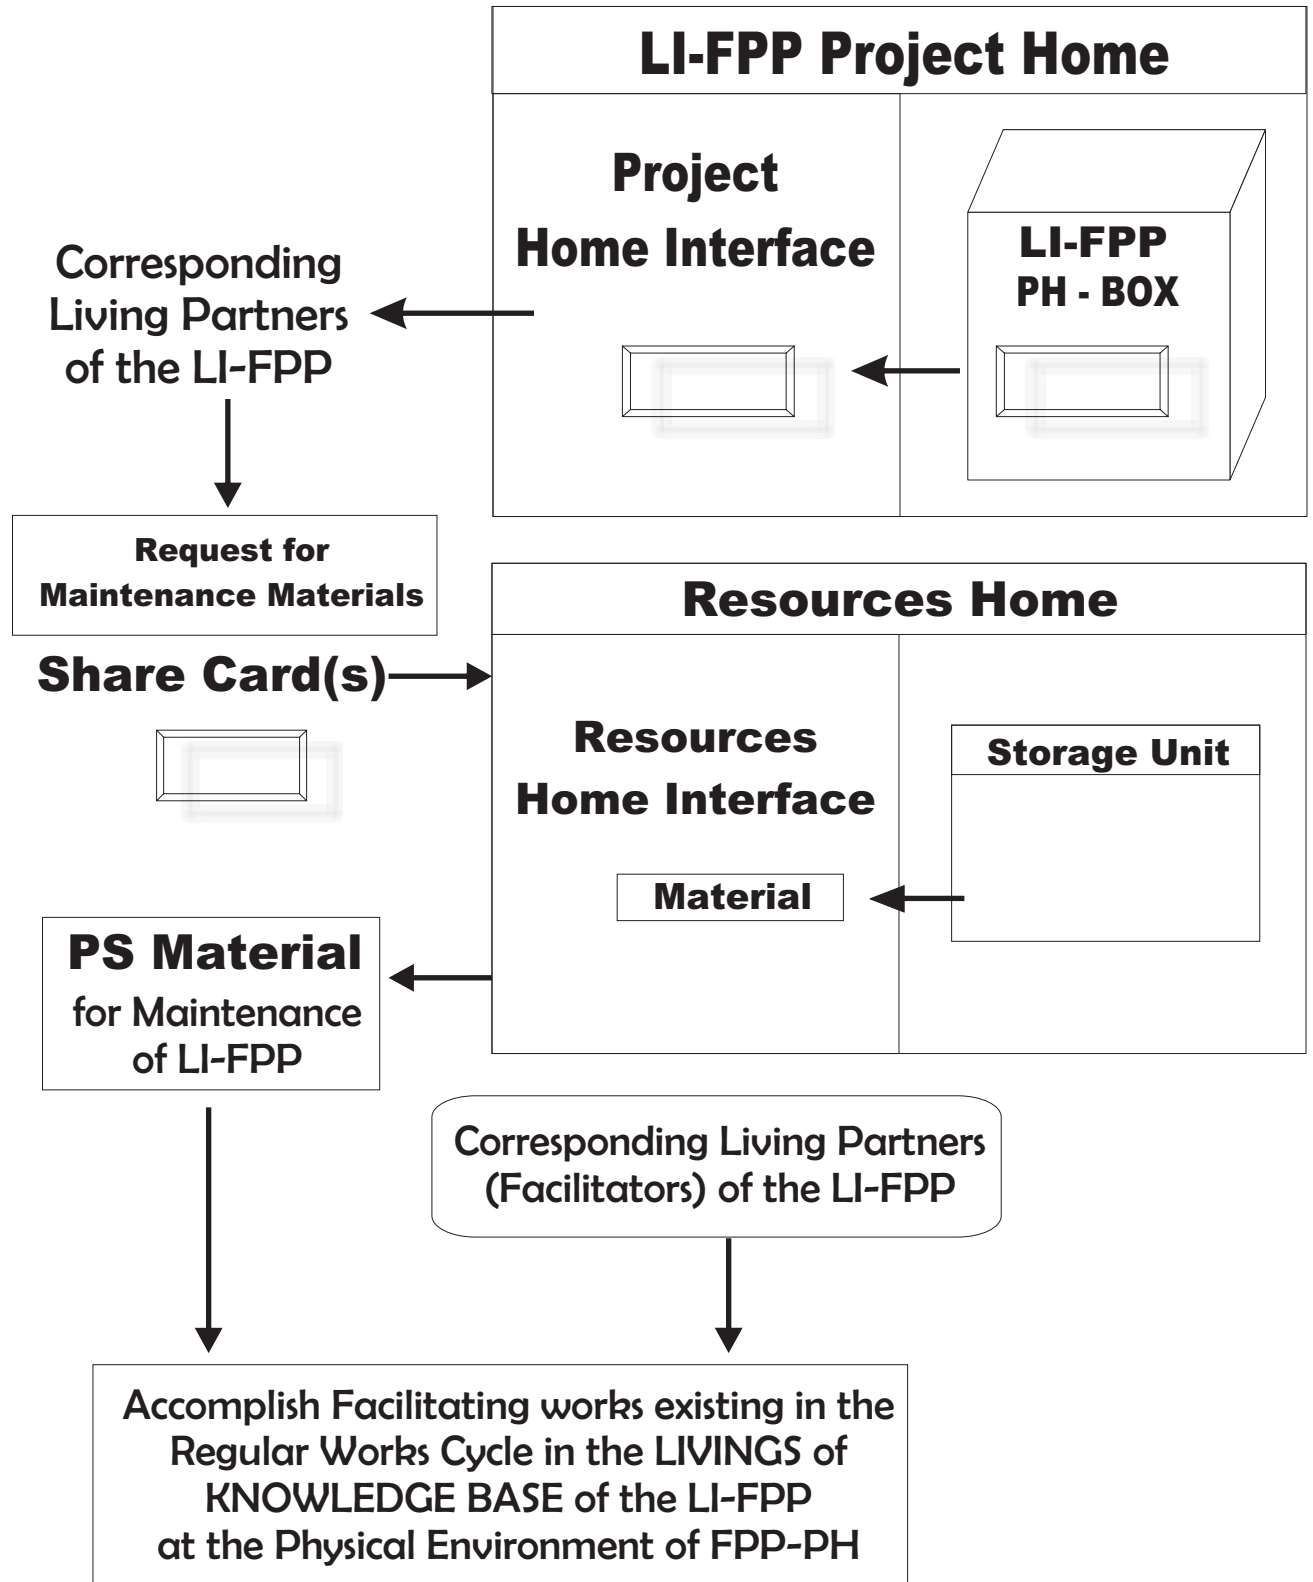

2. FACILITATING WORK CYCLE :

1. Partial Living Partners or Living Partners, who are interested, take the Regular Works Cycle proposed in the LIVINGS of Knowledge Base of the FPP as their Work Assignment. They implement the works daily to facilitate and guide PS PERSONS in utilizing the HOMES constructed and administrated by FPP by making use of Maintenance Materials collected from Resources Home through Source Investment.

MAINTAINING AN LI-FPP

FACILITATING PROCEDURE

INVESTMENTS IN MAINTAINING AN LI-FPP

(1) LIVING INVESTMENT (LI) :

The amount of units, collected from Source Amount of LI-FPP, expended to obtain Maintenance Materials for Facilitating PS Persons at the FPP Physical Environment and to accomplish Construction works, Upgrading works, Expanding works and Testing works etc. in one month time period is considered as Living Investment.

This Living Investment is manipulated by adding two types of Investments known as

1. Construction and Maintenance Investment (CMI)
2. Regular Maintenance Investment (RMI)

1. Construction and Maintenance Investment (CMI) :

Periodically it is required to accomplish certain Construction and Maintenance Works like

- 1) Repairing and Servicing the machinery, devices etc.
- 2) Replacing the wear and tear parts with new parts
- 3) Testing the equipments to keep in proper condition
- 4) Providing the latest Implements, Instruments, Tools, Appliances, Stationery etc.
- 5) Reconstructing or Expanding the Physical Environment
- 6) Upgrading with the latest configured equipments

etc. towards the LI-FPP Project Home.

The amount of units, collected from the Source Amount of LI-FPP, expended in one month time period to implement these works completely with necessary materials [collected from the Resources Home] is considered as Construction and Maintenance Investment (CMI).

2. Regular Maintenance Investment (RMI) :

To provide facilities to the PS Persons in the Environment of LI-FPP, it is needed to make use of certain materials to accomplish the works in Regular Works Cycle like

- 1) Stationery
- 2) Electronic articles, devices etc.
- 3) Cleaning and Washing Agents, Fluids, Mops, Scrub brushes, Purifiers etc.

etc. towards the LI-FPP Project Home.

INVESTMENTS IN MAINTAINING AN LI-FPP

The amount of units, collected from the Source Amount of LI-FPP, expended in one month time period to obtain these materials from the Resources Home, is considered as Regular Maintenance Investment (RMI).

$$\rightarrow \text{CMI} + \text{RMI} = \text{LI}$$

(2) PROJECT GROWTH INVESTMENT (PGI) :

Some amount from the EARNING of LI-FPP, is separately provided at the end of every month in order to develop and extend the Project Home and to achieve optimal utilization of Human and Material Resources available with latest configured equipments, is considered as Project Growth Investment (PGI).

This amount of currency is taken away from the EARNING of LI-FPP such that the sum of Living Investment (LI) and Project Growth Investment (PGI) round off to a Particular Amount of Currency in getting LI-FPP Share Cards from Resources Home.

(3) ADD SOURCE AMOUNT (ASA) :

The amount of currency, manipulated by adding Living Investment (LI) and Project Growth Investment (PGI) of an LI-FPP for one month time period is considered as the INVESTMENT on the Project Home.

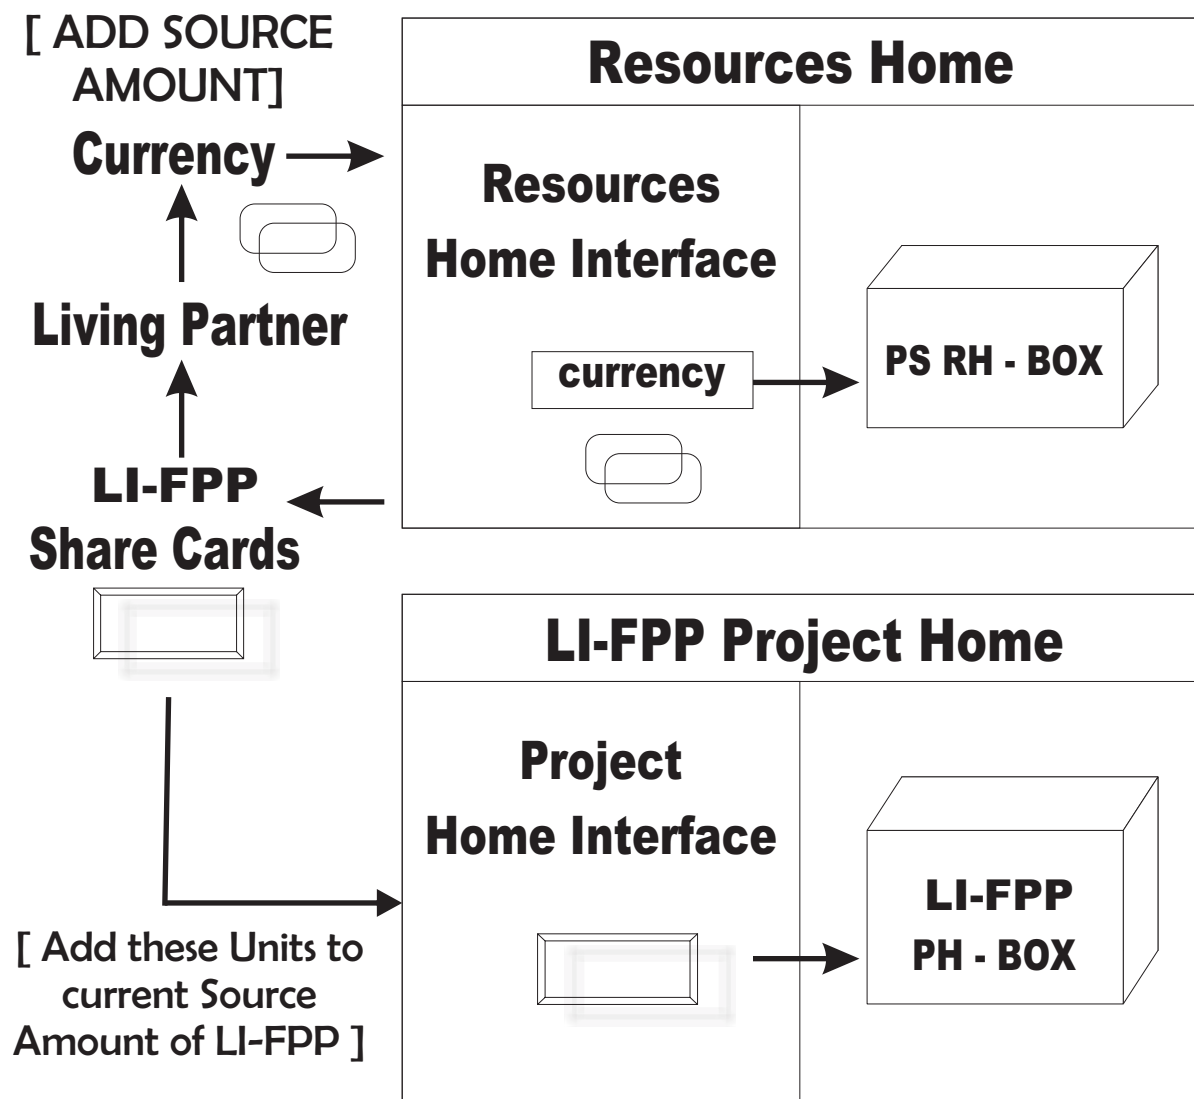

This INVESTMENT amount must be added to Source Investment of the LI-FPP in order to continue the Regular Works Cycle of the Project in Living State. The amount of currency, collected from the EARNING of Project Home, adding to the Source Amount of the LI-FPP at the end of every month is considered as ADD SOURCE AMOUNT (ASA).

$$\rightarrow \text{LI} + \text{PGI} = \text{ASA}$$

INVESTMENTS IN MAINTAINING AN LI-FPP

The Add Source Amount (ASA) existing in the form of currency, obtained from EARNING of Project Home is transformed into LI-FPP Share Cards from Resources Home and then add those units to current Source Amount of the LI-FPP. In this way, the Source Amount existing in the form of units is updated every month and utilized for all kinds of expenditures towards facilitating PS Persons efficiently and effectively from the Project Home.

ILLUSTRATION OF ~~ASA~~ TRANSFORMATION

MAINTAINING AN LI-FPP

(4) LI-FPP ACCOUNT BOOK :

An Account Book containing the details of all kinds of Investments, Facilitations details and Earnings (Establishing Investment, Source Investment, Living Investment, Project Growth Investment etc) of the Project Home is maintained distinctly for every Individual FPP.

The Account Book must be updated by corresponding Living Partners regularly to keep track of all entries regarding expenditures, facilitations details and earnings occurred in sustaining the LI-FPP in Living State efficiently up to the Current Moment.

EARNING OF AN LI-FPP

1. The Contributions obtained by providing Facilities in the Environment of LI-FPP by Corresponding Living Partners through their works is the Earning of LI-FPP.
2. The PS Facilities provided by LI-FPP are put displayed at LI-FPP Project Home Interface for sharing to all PS Persons through Contribution Cards.
3. Any PS Person or Prema Samrajyam can obtain an LI-FPP Contribution Card possessing certain worth in terms of units by contributing the respective specified amount of currency at the Project Home Interface.

Obtaining an LI-FPP Contribution Card

4. LI-FPP CONTRIBUTION CARD :

The LI-FPP Contribution Card possessing unused units can be utilized to obtain the FACILITIES provided by LI-FPP HOME.

The Worth of an LI-FPP Contribution Card in terms of units is considered as its CARD VALUE.

Contribution Cards with various Card Values are designed and make them available to PS Persons in order to share desired PS facilities by FPP HOMES.

EARNING OF AN LI-FPP

FPP PROJECT HOME INTERFACE issues LI-FPP Contribution Cards with various CARD VALUES in terms of determined units at different specified amounts of Currency Proportionately, on request to PS Persons.

5. DERIVING THE WORTH OF A PS-FACILITY :

The Value of a Specified PS Facility in terms of units is derived by manipulating

1. Establishing Investment (EI)
2. Source Investment (SI)
3. Work Contribution by Living Partners
4. Living Investment, $LI = (CMI + RMI)$
Construction and Maintenance Investment (CMI)
Regular Maintenance Investment (RMI)
5. Time taken to facilitate
6. Space occupied and
7. Number of interrelated PS Persons worked together

etc. associated with the LI-FPP.

A Differentiating function with the above Variables is developed and utilized to deduce the Value of a PS-Facility, which varies from time to time.

6. LI-FPP - PS FACILITIES RECORD :

The details of all the PS FACILITIES provided by LI-FPP Project Home are put available in the PS FACILITIES RECORD along with their assigned values in terms of Units at Project Home Interface - DISPLAY UNIT.

Procedure to obtain a PS FACILITY

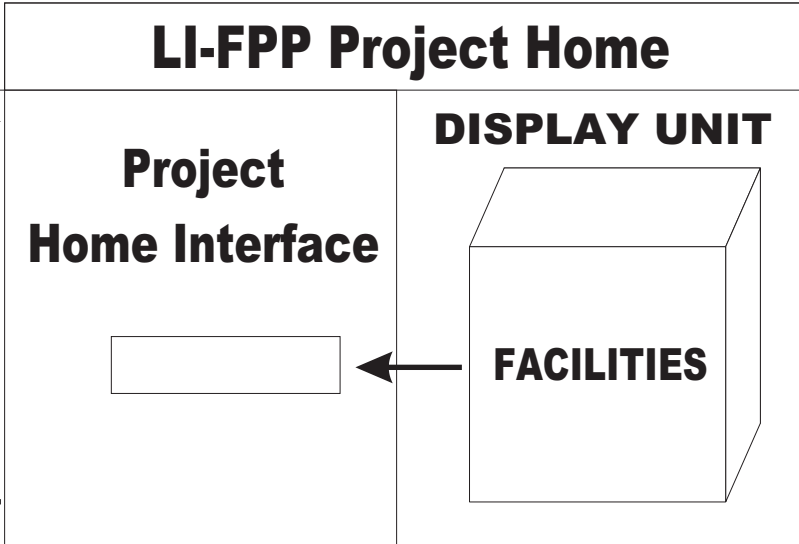

[Request for desired PS Facility with specific requirement]

LI-FPP Contribution Cards →

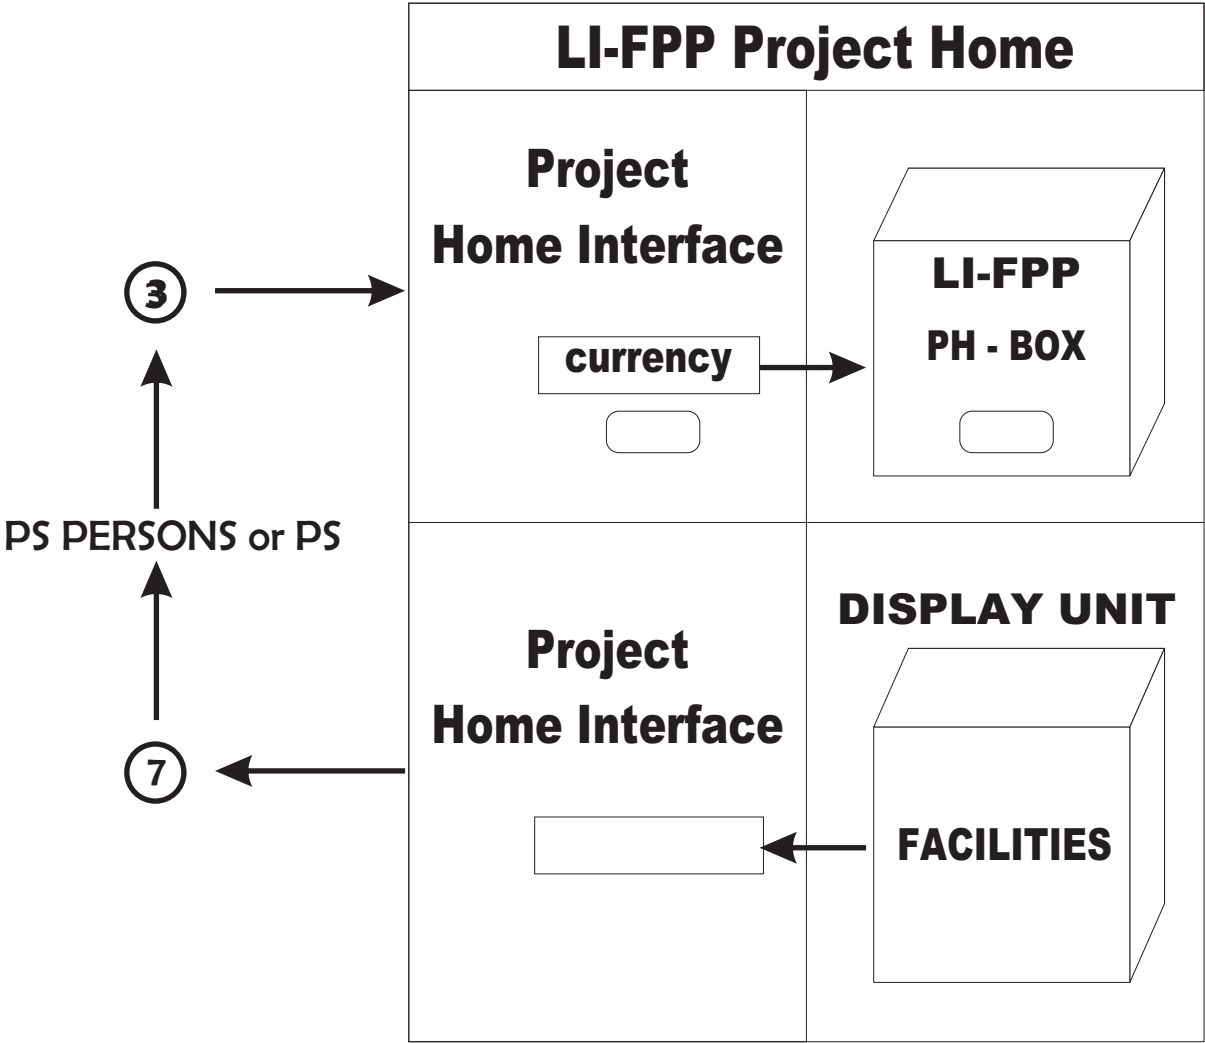

↑ **PS Person or PS**

↑ **Providing PS FACILITY**

EARNING OF AN LI-FPP

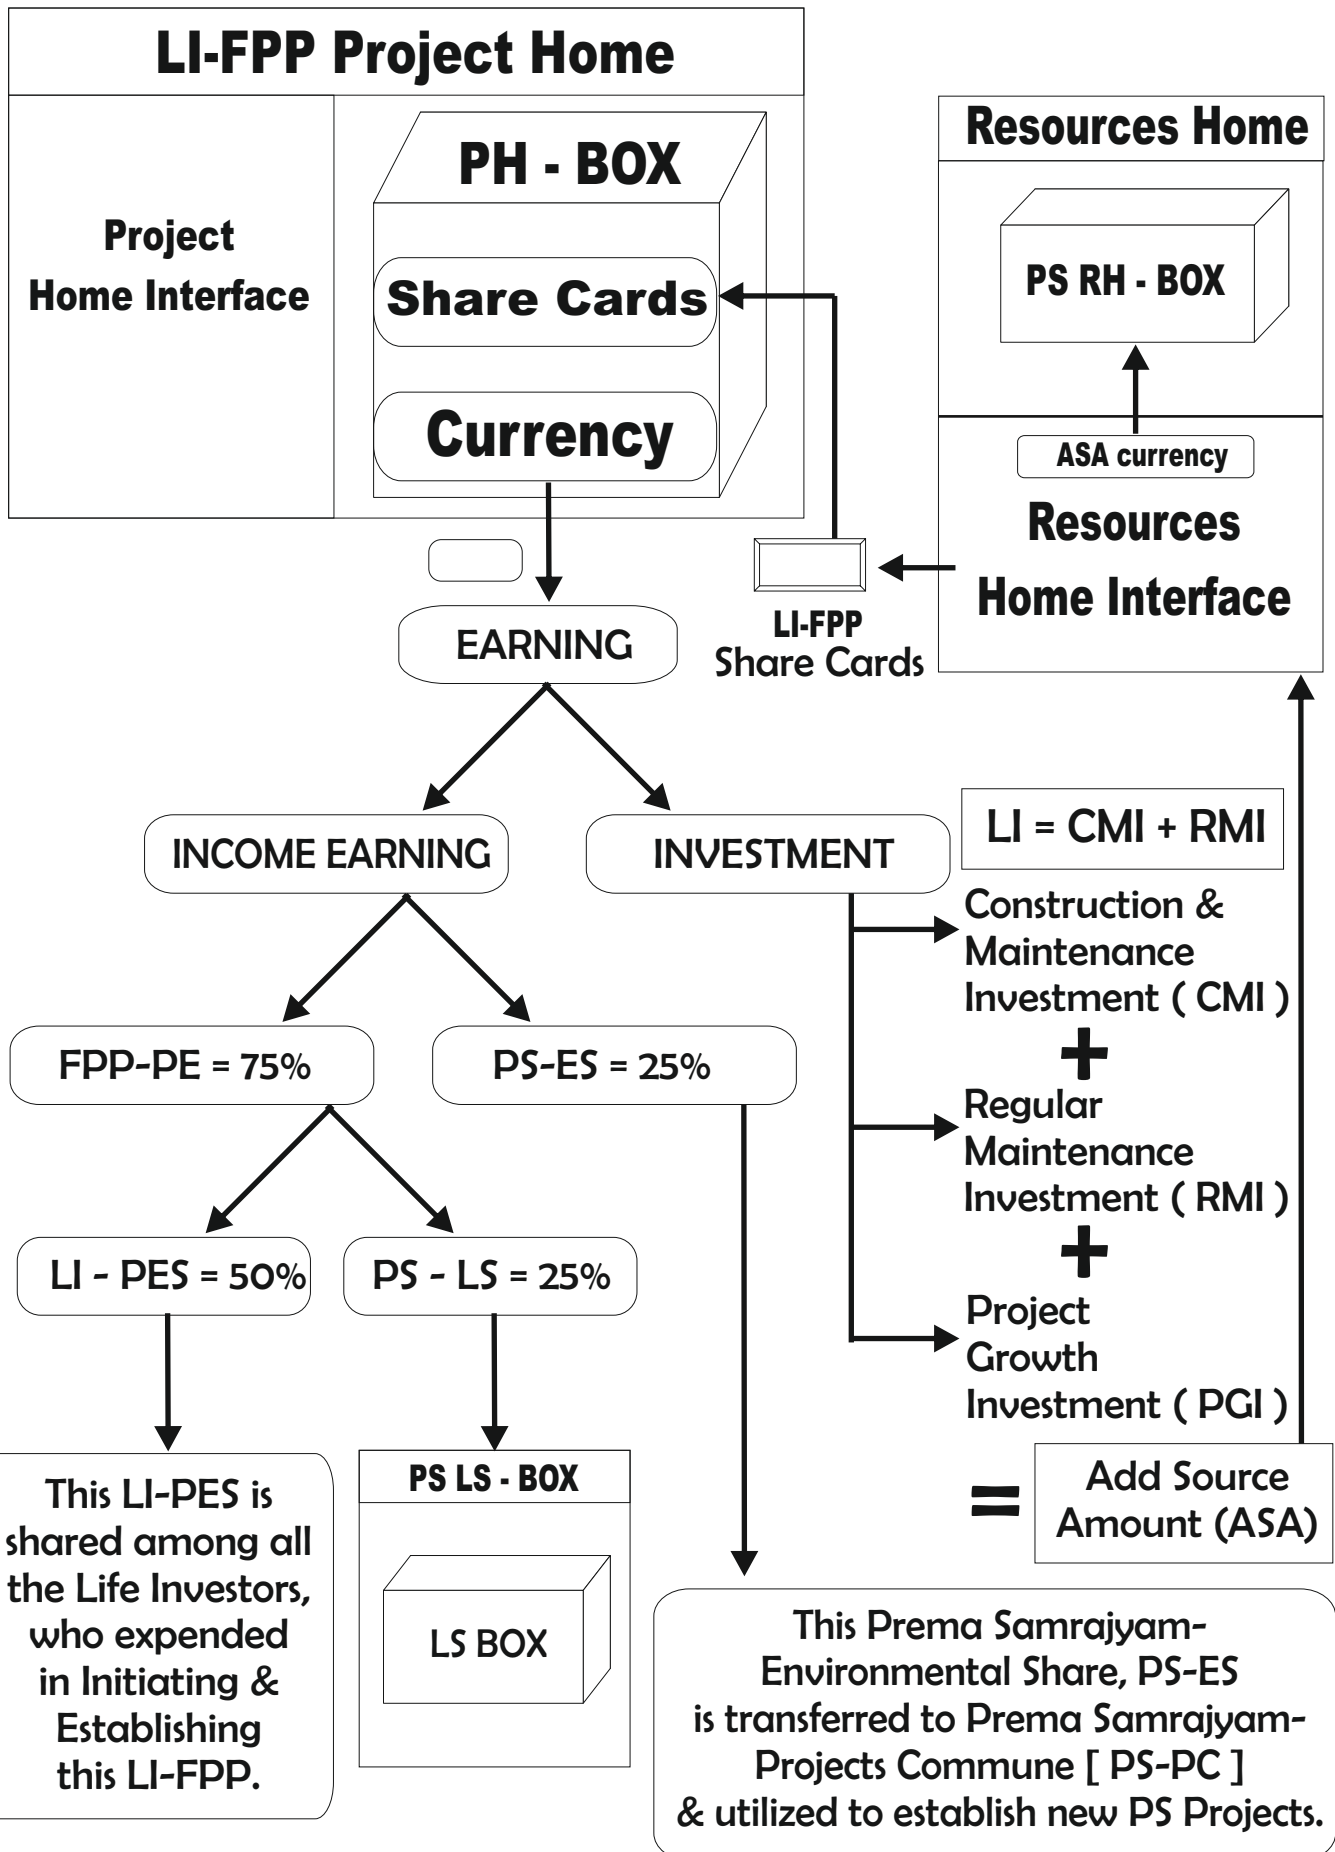

8. In this way, the LI-FPP acquires EARNINGS by accommodating PS Facilities { in the Environment of LI-FPP with the work contribution by Living Partners } through LI-FPP Contribution Cards at Project Home Interface. The EARNINGS attained exists in the form of Currency in the LI-FPP Project Home-Box [PH-BOX] after fulfilling the PS Facilities in every month.

8. EARNING of AN LI-FPP :

The Earnings of LI-FPP acquired in one month time period by executing the Regular Living Works Cycle of the FPP is considered as “EARNING (E) of LI-FPP”.

10. PREMA SAMRAJYAM - LIVELIHOOD SHARE (PS - LS) :
11. LIFE INVESTORS - PROJECT EARNING SHARE (LI-PES) :

SHARING 'EARNING' OF AN LI-FPP

VINDICATION OF SHARING

(1) Justifying EARNING of LI-FPP (E) :

1. The Earning of an LI-FPP (E) is acquired by providing the PS Facilities by the Project Home to all PS Persons through Contribution Cards in one month Time Period. PS Persons contribute individually specified amounts in the form of currency to the Project Home Interface and attains various LI-FPP Contribution Cards to avail PS Facilities.
2. After completion of one month Regular Works Cycle, the LI-FPP existing in the Living State achieves some EARNING amount in the form of currency in Project Home - Box.
3. This attained EARNING amount at Project Home is basically possessed through
 - 1) Work contribution by Corresponding Living Partners
 - 2) Several Investments of Life Investors and
 - 3) By utilizing required PS Materials at Physical Environment of LI-FPP.

So the EARNING amount completely belongs to the LI-FPP Project Home only and no body has right to interfere and interrelate regarding this EARNING and ITS SHARING by Project Home.

(2) Justifying INVESTMENT of LI-FPP (IT) :

1. The existence of PS Facilities, provided at Project Home Environment, is due to utilizing Materials and Substances in the Regular Works Cycle by corresponding facilitators. These are obtained by expending different investments for various purposes through Source Share Cards' Units.
2. So it is justified to take away the INVESTMENT Amount towards Materials from EARNING of LI-FPP every month to obtain the INCOME due to Work Contribution by Living Partners and the initiating support of corresponding Life Investors.

SHARING 'EARNING' OF AN LI-FPP

VINDICATION OF SHARING

(3) Justifying INCOME EARNING of LI-FPP (IE) :

1. The INCOME EARNING of an LI-FPP (IE) is obtained from EARNING by subtracting the expenditures (IT) happened towards the Materials, Substances and Facilitators in Providing and Sharing PS FACILITIES at the Environment of Project Home.
2. The INCOME EARNING exists in the form of currency is completely shared at the end of every month, without any kind of storage, among all the PS Persons who are associated with that LI-FPP Project Home.
3. With this, all the Living Partners and Life Investors attain their proportionate amounts in terms of Livelihood and Currency respectively from the Project Home for their individual contributions in the form of either effort or investment respectively to sustain the Project in the Living State.
4. The Sharing of INCOME EARNING regularly at the end of every month justifies and brings equilibrium state to the existence of LI-FPP in the Environment of Prema Samrajyam.

(4) Justifying CONSTRUCTION & MAINTENANCE INVESTMENT (CMI) :

1. The amount of units from Source Amount of LI-FPP expended as the CONSTRUCTION & MAINTENANCE INVESTMENT towards the Project Home in one month time period is taken away in terms of currency from the EARNING of Project Home.
2. This CMI amount of currency is again added to the Source Amount in the form of units through ASA. In this way the CMI is justified and fulfils in maintaining the Physical Environment of Project Home in cosy atmosphere and in retaining the Project in Living State.

(5) Justifying REGULAR MAINTENANCE INVESTMENT (RMI) :

1. The amount of units from Source Amount of LI-FPP expended as the REGULAR MAINTENANCE INVESTMENT towards the Project Home in one month time period is taken away in terms of currency from the EARNING of Project Home.

SHARING 'EARNING' OF AN LI-FPP

VINDICATION OF SHARING

2. This RMI amount of currency is again added to the Source Amount in the form of units through ASA. In this way the RMI is justified and cooperates in Providing and Sharing PS Facilities effectively by continuing the Regular Works Cycle every month efficiently.

(6) Justifying PROJECT GROWTH INVESTMENT (PGI) :

1. Some amount of currency, considered as PROJECT GROWTH INVESTMENT is taken away from EARNING and added to Source Amount of LI-FPP in the form of units through ASA.

2. This PGI amount can be utilized to develop and extend the Project by providing optimal utilization of Resources in the Project Home Environment. In this way the PGI is justified and motivates the Project in achieving regular growth and expansion by providing PS Facilities at the best level with less effort.

(7) Justifying ADD SOURCE AMOUNT (ASA) :

1. The amounts of currency collected as CMI, RMI & PGI from EARNING are summed together to get the ADD SOURCE AMOUNT at the end of every month.

2. This ASA amount of currency is added to the Source Amount in the form of units. So the Project Home lives in pleasant healthy environment and organizes PS Facilities regularly by wielding Source Amount. This achieves more EARNINGS by sharing PS Facilities to all PS Persons and fulfils the needs and desires of PS Persons abundantly and justifies the existence of LI-FPP.

(8) Justifying PREMA SAMRAJYAM-ENVIRONMENTAL SHARE (PS-ES) :

1. The FPP established in the Environment of PS occupies more space and takes less effort to continue Regular Works Cycle from Living Partners. So Living Partners of PS expect some growth and development in Living for their work, energy and time contribution towards LI-FPP Project Home.

2. So it is the Responsibility of Project Home to Share Some Amount of INCOME EARNING to nullify the utilization of more environmental space of PS for its existence.

SHARING 'EARNING' OF AN LI-FPP

VINDICATION OF SHARING

3. To accomplish this task some amount of INCOME EARNING of LI-FPP at the end of every month is shared to Prema Samrajyam Environment i.e. 25% of INCOME EARNING Amount is provided for developing the Environment of PS by establishing more PS Projects and the remaining 75% of INCOME EARNING Amount is allocated for Project Home.

4. The 25% of INCOME EARNING Amount of Currency issued to PS by LI-FPP Project Home is considered as PREMA SAMRAJYAM - ENVIRONMENTAL SHARE (PS-ES). This amount is transferred into Prema Samrajyam - Projects Commune Box [PS PC - BOX] and utilized later to create new Projects. In this way the LI-FPP justifies its existence in the Environment of PS for utilization of more space.

(9) Justifying FPP - PROJECT EARNING (FPP-PE) :

1. The 75% of INCOME EARNING Amount of currency rendered for Project Home is considered as FPP-PROJECT EARNING (FPP-PE).

2. The Project Home has the responsibility to fulfil the PS Persons, who invested their contributions in the form of Currency, Knowledge, Awareness, Skills, Efforts or Life towards the Project Home in Establishing and Maintaining it in the Environment of PS.

3. To Execute this task the FPP-PE Amount is shared at the end of every month, among all the PS Persons who invested their Life Time towards the Project Home. i.e. $1/3^{\text{rd}}$ of FPP-PE (25% of INCOME EARNING) is provided to all the Participants and Living Partners of PS to fulfil their Livelihood and the remaining $2/3^{\text{rd}}$ of FPP-PE (50% of INCOME EARNING) is rendered to all the Life Investor(s), who unitedly invested their amounts of currency towards Establishing and Maintaining the Project Home Initially.

SHARING 'EARNING' OF AN LI-FPP

VINDICATION OF SHARING

(10) Justifying PREMA SAMRAJYAM - LIVELIHOOD SHARE (PS - LS) :

1. The $\frac{1}{3}^{\text{rd}}$ of FPP-PE (25% of INCOME EARNING) Amount issued to satisfy the Livelihood of all Participants and Living Partners of PS by LI-FPP Project Home is considered as PREMA SAMRAJYAM-LIVELIHOOD SHARE (PS-LS).
2. So the Existence of LI-FPP Project Home in the Environment of PS fulfils One of its Responsibility through PS-LS by providing a share towards Livelihood to Corresponding Participants and Living Partners of PS and motivating them to live and work comfortably without any hesitations in achieving rapid growth of Project Home.
3. In this way, the PS-LS is justified in providing healthy, energetic and luxurious life to all Participants and Living Partners with cozy accommodation and pleasant atmosphere in the Environment of PS.

(11) Justifying LIFE INVESTORS - PROJECT EARNING SHARE (LI-PES) :

1. The $\frac{2}{3}^{\text{rd}}$ of FPP-PE (50% of INCOME EARNING) Amount rendered to satisfy all the corresponding Life Investors of the LI-FPP by Project Home is considered as LIFE INVESTORS - PROJECT EARNING SHARE (LI-PES).
2. One or More Life Investors contributed their Inner Talents, Professional Skills, Valuable Time and Energy and expended Establishing Investment and Source Investment (PARTURITION INVESTMENT) together at the beginning to initiate the Establishment and Maintenance of LI-FPP in the Environment of PS.

PARTURITION INVESTMENT = ESTABLISHING INVESTMENT + SOURCE INVESTMENT

3. The Project Home executes and justifies its Responsibility towards Life Investors by sharing LI-PES proportionately to all the corresponding Life Investor(s) of the LI-FPP until twice of their respective Individual Parturition Investments are returned and the Project is in the Healthy Living State.

ENERGY TRANSFORMATIONS OF LI-FPP

PES OF LIFE INVESTOR

Generating LI-PES from LI-FPP Project Home

This LI-PES is shared proportionately among all the Life Investor(s), who expended (PARTURITION INVESTMENT) in Initiating & Establishing this LI-FPP

PES OF LIFE INVESTOR

CASE 1: The LI-FPP is established by One (1) Life Investor

1. Only one Life Investor expended Establishing Investment and Source Investment (PARTURITION INVESTMENT) together for the existence of LI-FPP in the Environment of Prema Samrajyam.

2. IF the LI-FPP is attaining INCOME EARNINGS every month as TIME passes and functioning in Living State

THEN The LI-PES (50% of INCOME EARNING) is completely issued to that Life Investor every month regularly by Project Home

UNTIL 1) the LI-FPP sustains in the Healthy Living State

and

2) twice of the PARTURITION INVESTMENT is not returned to the Corresponding Life Investor

and

3) the Corresponding Life Investor exists Physically on the Planet Earth.

3. IF the LI-FPP is unable to survive in the Environment of Prema Samrajyam (i.e. the Project Home is not possessing enough Resources, Strengths and Energies to exist and the Project Home is not providing PS Facilities and not attaining INCOME EARNINGS as TIME elapses.)

THEN 1) the LI-FPP is obsolete and it is terminated completely in the Environment of Prema Samrajyam

and

2) No LI-PES is issued to the Corresponding Life Investor by Project Home.

PES OF LIFE INVESTOR

CASE 1: The LI-FPP is established by One (1) Life Investor

- 4. IF the Corresponding Life Investor has taken twice of the PARTURITION INVESTMENT completely from Project Home**

THEN the LI-FPP is transformed into PS-FPP.

- 5. IF the Corresponding Life Investor doesn't exist Physically on the Planet Earth**

THEN the LI-FPP is transformed into PS-FPP.

- 6. IF the Corresponding Life Investor has accepted and agreed that the LI-PES is not expected completely further from Project Home**

THEN the LI-FPP is transformed into PS-FPP.

PES OF LIFE INVESTOR

CASE 2 : The LI-FPP is established by Many (>1) Life Investors

1. Two or more Life Investors unitedly expended Establishing Investment and Source Investment (PARTURITION INVESTMENT) for the existence of LI-FPP in the Environment of Prema Samrajyam.
2. Their Individual Proportions towards the Sum of Establishing Investment and Source Investment (PARTURITION INVESTMENT) are manipulated.

Consider

1) PARTURITION INVESTMENT = X

2) ' n ' Life Investors unitedly established the LI-FPP

- 3) Life Investor 1 (LI 1) expended A amount of Currency or Materials
 { Individual Parturition Investment of Life Investor 1 (LI 1) = A }
 Life Investor 2 (LI 2) expended B amount of Currency or Materials
 { Individual Parturition Investment of Life Investor 2 (LI 2) = B }
 Life Investor 3 (LI 3) expended C amount of Currency or Materials
 { Individual Parturition Investment of Life Investor 3 (LI 3) = C }

- - -
 - - -
 - - -

Life Investor n (LI n) expended N amount of Currency or Materials
 { Individual Parturition Investment of Life Investor n (LI n) = N }

such that $A + B + C + \dots + N = X$

4) Manipulate the Individual Proportions of Corresponding Life Investors

Individual Proportion of LI 1 is, $a = A / X$

Individual Proportion of LI 2 is, $b = B / X$

Individual Proportion of LI 3 is, $c = C / X$

Individual Proportion of LI n is, $n = N / X$

such that $a + b + c + \dots + n = 1$

PES OF LIFE INVESTOR

3. IF the LI-FPP is attaining INCOME EARNINGS every month as TIME passes and functioning in Living State

THEN The LI-PES (50% of INCOME EARNING) is shared among all the Existing Corresponding Life Investors in their respective individual proportions every month regularly by Project Home

Life Investor 1 (LI 1) obtains $a \times \text{LI-PES}$ share amount of currency

Life Investor 2 (LI 2) obtains $b \times \text{LI-PES}$ share amount of currency

Life Investor 3 (LI 3) obtains $c \times \text{LI-PES}$ share amount of currency

-
-
-

Life Investor n (LI n) obtains $n \times \text{LI-PES}$ share amount of currency

respectively every month from the Project Home.

- UNTIL 1) the LI-FPP sustains in the Healthy Living State
and
2) twice of the respective INDIVIDUAL PARTURITION INVESTMENT of at least One Corresponding Life Investor is not returned
and
3) At least One Individual Corresponding Life Investor exists Physically on the Planet Earth.

PES OF LIFE INVESTOR

4. **IF** the LI-FPP is unable to survive in the Environment of Prema Samrajyam (i.e. the Project Home is not possessing enough Resources, Strengths and Energies to exist and the Project Home is not providing PS Facilities and not attaining INCOME EARNINGS as TIME elapses.)

THEN 1) the LI-FPP is obsolete and it is terminated completely in the Environment of Prema Samrajyam
and
2) No share amount of LI-PES is issued to any Individual Corresponding Life Investor by Project Home.

5. **IF** Any One Individual Corresponding Life Investor has accepted and agreed that twice of the respective INDIVIDUAL PARTURITION INVESTMENT is not expected completely further from Project Home

THEN the respective share amount of that Corresponding Life Investor in LI-PES is transferred into PREMA SAMRAJYAM PROJECTS COMMUNE - BOX [PS PC - BOX] .

6. **IF** ALL the Corresponding Life Investors of LI-FPP have taken twice of their respective INDIVIDUAL PARTURITION INVESTMENTs completely from Project Home

THEN the LI-FPP is transformed into PS-FPP.

7. **IF** Any One Individual Corresponding Life Investor doesn't exist Physically on the Planet Earth
